Putting Things Right – Concerns and Complaints Policy

Definitions

For the purposes of this policy, a **concern** is anything a person wishes to raise with the school. This can be done in an informal and confidential way. The matter may just require clarification, or some modification of school procedures. If the matter cannot be resolved at this level, the person with the concern may make a formal **complaint**.

If the complaint is about alleged serious abuse then the Harassment Policy, and Child Protection Policy should be followed. All complaints will be taken seriously.
